TECHNICAL SKILLS

- PHP
- Java
- Angular
- SQL
- CI/CD
- Node.js
- Git
- .NET
- HTML5
- Flutter
- REST APIs
- Symfony
- JavaScript
- React
- Python
- Kubernetes
- Next.js
- Docker
- UI/UX
- CSS3
- Dart
- Design Patterns

SKILLS

- Technical communication
- Teamwork
- Problem solving
- Advanced debugging
- Performance optimization
- Fast learner
- Code quality
- Autonomy and attention to detail

LANGUAGES

- French: bilingual
- English: bilingual
- Arabic: native

RABIH EL KADI

FULL STACK DEVELOPER

PROFILE

Full Stack Developer with nearly 8 years of experience, including more than 5 years of professional PHP/Symfony development. Experienced in designing and evolving web and mobile applications, REST APIs and database-connected services. Familiar with CI/CD practices, Kubernetes and AI-assisted development tools, with a strong focus on code quality, documentation and solution stability.

PROFESSIONAL EXPERIENCE

FULL STACK WEB DEVELOPER
AUGUST 2021 – JULY 2026

VISTORY – VÉLIZY-VILLACOUBLAY, FRANCE

- **Development and maintenance** of MainChain, a web platform for traceability of 3D-printed parts, using PHP and Symfony.
- **Design and implementation** of responsive web interfaces and secure REST APIs; integration with MySQL databases and optimization of queries and application performance.
- **Contribution to the evolution** of the backend architecture and the design of maintainable application components.
- **Design and integration** of new features in collaboration with product and design teams.
- **Contribution** to the CI/CD lifecycle: monitoring integration and delivery pipelines, diagnosing failures and validating application deployments.
- **Use of Kubernetes** for the deployment and monitoring of containerized applications, in coordination with the technical team.
- **Use of GitHub Copilot and Claude** as development assistants for code understanding, generating implementation suggestions and supporting technical documentation; outputs reviewed before integration.
- **Implementation and use** of structured logging to facilitate monitoring, debugging and flow traceability.
- **Code reviews**, application of clean code and modularity principles, bug resolution and continuous improvement of application stability.
- **Technical documentation** and development of interactive dashboards using Chart.js and DataTables.

MOBILE DEVELOPER
OCTOBER 2018 – JULY 2021

ANI SAL OFFSHORE / VISTORY – BEIRUT, LEBANON

- **Development of a cross-platform mobile application** (Android & Flutter) for the Gleeter social platform.
- **API integration** to retrieve real-time data, including product information and user-generated content.
- **Testing and debugging** across multiple devices to ensure application stability and responsiveness.
- **Real-time API integration** for dynamic content management and user interactions.

IT SUPPORT
FEBRUARY 2018 – APRIL 2018

INTERCONTINENTAL PHOENICIA – BEIRUT, LEBANON

- **Maintenance and optimization** of the hotel's IT infrastructure, including hardware and software troubleshooting, as well as computer assembly, repair and restoration.
- **Diagnosis and troubleshooting** of computer hardware, peripherals and network equipment.
- **Collaboration with the IT team** to implement software updates and patches in order to ensure the security and optimal performance of the hotel's IT systems.

EDUCATION

BACHELOR'S DEGREE IN COMPUTER SCIENCE
SEPTEMBER 2014 – JUNE 2019

AMERICAN UNIVERSITY OF SCIENCE AND TECHNOLOGY – BEIRUT, LEBANON

Computer Science program focused on programming, data structures, algorithms, databases and software systems development.

ACHIEVEMENTS AND CERTIFICATIONS

- Winner of the annual Computer Science Project Exhibition at AUST (2019).
- Training program completed with the Training and Development Department at Banque du Liban (2018).
- Certificate of completion from the IHG Academy training program (2018).
