TECHNICAL SKILLS

- PHP / Symfony
- Java / JavaScript / SQL
- Node.js / Next.js
- React / UIUX
- HTML5 / CSS3
- Flutter / Dart
- REST APIs
- MySQL
- Git
- Design Patterns

SKILLS

- Technical communication
- Teamwork
- Problem solving
- Advanced debugging
- Performance optimization
- Fast learner
- Code quality
- Autonomy
- Attention to detail

LANGUAGES

- French: bilingual
- English: bilingual
- Arabic: native

RABIH EL KADI

FULL STACK DEVELOPER

PROFILE

Full Stack Developer specialized in PHP/Symfony, with experience developing complex web platforms focused on performance and user experience. Experienced in designing REST APIs, optimizing application performance, and collaborating with product teams to deliver robust and scalable solutions.

PROFESSIONAL EXPERIENCE

FULL STACK WEB DEVELOPER

AUGUST 2021 – JULY 2026

VISTORY – VÉLIZY-VILLACOUBLAY, FRANCE

- **Development and maintenance** of a web platform dedicated to 3D printing (Mainchain) using PHP / Symfony.
- **Design and implementation** of dynamic, high-performance and responsive frontend interfaces (HTML5, CSS3, JavaScript), with a strong focus on UI/UX.
- **Backend development** and design of secure REST APIs, including structured logging for monitoring, debugging and request traceability.
- **Application performance optimization** (loading times, queries, rendering) and continuous improvement of the user experience.
- **Design and integration** of new features in collaboration with product and design teams.
- **Database management and interaction** with relational databases (MySQL), including writing and optimizing SQL queries.
- **Application of development best practices** including clean code, modularity, reusability and separation of concerns.
- **Code reviews** to ensure code quality, robustness and consistency.
- **Writing and maintaining** technical documentation to improve system understanding and facilitate the onboarding of new developers.
- **Troubleshooting complex bugs** and contributing to the continuous improvement of platform stability.
- **Development of interactive dashboards** and data visualization tools (Chart.js, DataTables).

MOBILE DEVELOPER

OCTOBER 2018 – JULY 2021

ANI SAL OFFSHORE / VISTORY – BEIRUT, LEBANON

- **Development of a cross-platform mobile application** (Android & Flutter) for the Gleeter social platform.
- **API integration** to retrieve real-time data, including product information and user-generated content.
- **Testing and debugging** across multiple devices to ensure application stability and responsiveness.
- **Real-time API integration** for dynamic content management and user interactions.

IT SUPPORT

FEBRUARY 2018 – APRIL 2018

INTERCONTINENTAL PHOENICIA – BEIRUT, LEBANON

- **Maintenance and optimization** of the hotel's IT infrastructure, including hardware and software troubleshooting, computer assembly, repair and restoration.
- **Diagnosis and troubleshooting** of computer hardware, peripherals and network equipment.
- **Collaboration with the IT team** to deploy software updates and patches in order to ensure the security and optimal performance of the hotel's IT systems.

EDUCATION

BACHELOR'S DEGREE IN COMPUTER SCIENCE

SEPTEMBER 2014 – JUNE 2019

AMERICAN UNIVERSITY OF SCIENCE AND TECHNOLOGY – BEIRUT, LEBANON

Computer Science program focused on programming, data structures, algorithms, databases and software systems development.

ACHIEVEMENTS AND CERTIFICATIONS

- Winner of the annual Computer Science Project Exhibition at AUST (2019).
- Completed a Training and Development Department program at Banque du Liban (2018).
- Certificate of completion from the IHG Academy training program (2018).
